Enjoy more entertainment with this friendly user guide to making the most of Amazon Fire TV! Find and watch more of the shows you enjoy with Amazon Fire TV For Dummies. This book guides you through Fire TV connections and setup and then shows you how to get the most out of your device. This guide is the convenient way to access quick viewing tips, so there's no need to search online for information or feel frustrated. With this book by your side, you'll quickly feel right at home with your streaming device. Content today can be complicated. You want to watch shows on a variety of sources, such as Hulu, Amazon Prime, Netflix, and the top premium channels. Amazon's media device organizes the streaming of today's popular content services. It lets you use a single interface to connect to the entertainment you can't wait to watch. This book helps you navigate your Fire TV to find the content you really want. It will show you how to see your favorite movies, watch binge-worthy TV shows, and even play games on Fire TV. Get the information you need to set up and start using Fire TV. Understand the basics of how to use the device Explore an array of useful features and streaming opportunities Learn techniques to become a streaming pro Conquer the world of Fire TV with one easy-to-understand book. Soon you'll be discovering the latest popcorn-worthy shows.

How to Be an Antiracist

Philo, known also as Philo of Alexandria, Philo Judaeus, and Philo the Jew, among other names, was a Hellenistic Jewish philosopher who lived in Alexandria from 20 BC to 50 CE. Philo's works are most known for being allegorical interpretations of the Scriptures, fusing Jewish thought to Stoic philosophy. Although not widely accepted in his time, his vast collection of works had a powerful influence on early Christian theology and especially on later Christian writers like Clement of

Alexandria, Origen, Saint Jerome and Athenagorus. Despite being a devout Jew, some saw in Philo a cryptic Christian. This is the fourth and last volume of "The Works of Philo," and contains many of his historical and political works like "On a Contemplative Life," "Against Flaccus," "Concerning the World," and "A Volume of Questions, and Solutions to those Questions, Which Arise in Genesis."

Dvd Savant

Losing weight has never been easier or more fun than with Leslie Sansone's WALK AWAY THE POUNDS. For over twenty-five years, Leslie has helped more women get off the couch and onto their feet than anyone else in the fitness industry. Her secret? If you can walk, you can achieve the weight-loss goals you dream about with none of the intimidation or negative messages that have stopped you from succeeding before. Whether you are a beginner or have been walking with Leslie for years, whether you are a teen or a senior or somewhere in between, you will see results. You will lose real weight, and keep it off—twenty pounds, forty, sixty, or even more. All you need is fifteen minutes a day for starters, two feet, and a willing attitude. There is no fancy equipment to buy, no fad diet to follow, and no fitness club to join. The revolutionary program in WALK AWAY THE POUNDS is designed to keep everybody on the path to success, especially those who have never been able to complete a weight-loss plan before. It's a simpler approach to fitness, one that can change your life. Leslie's step-by-step workbook format sets up the program day by day. You just wake up, flip open the book, and follow the directions. You'll get a combination of in-home walking (that's right, you can do it right from the comfort of your own living room!), simple strength training, motivational breakthroughs, and commonsense advice to help you burn fat, tone muscle, reduce stress, avoid illness, shake off the blues, and boost your energy level sky high. It's never been easier. Women all across America have dropped between 20 and 150 pounds with Leslie Sansone. Now you can too!

Data Literacy in the Real World

For several months, prior to publication, some people were asking that we should write this book and that it be entitled, "The Message Of The Cross". • I believed then and now that their request was from the Lord. Consequently, this book is the result of that need. • This Message, "The Message Of The Cross" is the single most important Message of the Word in any language. The Salvation of the soul and how we live for God is important beyond comprehension. • I feel every Believer will be greatly strengthened in the Word if they will avail themselves of this publication.

Productivity Hacks

"Children everywhere want to fit in with a group, resist peer pressure, and be good sports--but even the most socially adept

children struggle at times. But after reading this guide on their own or with a caring adult, kids everywhere [may] be [more] equipped to face any friendship challenges that come their way"--Amazon.com.

Killing Crazy Horse

Eagerly anticipated by her legions of fans, this sixth novel in Diana Gabaldon's bestselling Outlander saga is a masterpiece of historical fiction from one of the most popular authors of our time. Since the initial publication of Outlander fifteen years ago, Diana Gabaldon's New York Times bestselling saga has won the hearts of readers the world over — and sold more than twelve million books. Now, A Breath of Snow and Ashes continues the extraordinary story of 18th-century Scotsman Jamie Fraser and his 20th-century wife, Claire. The year is 1772, and on the eve of the American Revolution, the long fuse of rebellion has already been lit. Men lie dead in the streets of Boston, and in the backwoods of North Carolina, isolated cabins burn in the forest. With chaos brewing, the governor calls upon Jamie Fraser to unite the backcountry and safeguard the colony for King and Crown. But from his wife Jamie knows that three years hence the shot heard round the world will be fired, and the result will be independence — with those loyal to the King either dead or in exile. And there is also the matter of a tiny clipping from The Wilmington Gazette, dated 1776, which reports Jamie's death, along with his kin. For once, he hopes, his time-traveling family may be wrong about the future.

Growing Friendships

Find power in your prayer like never before with this inspiring guide from #1 New York Times bestselling author Bishop T.D. Jakes. In a time when women carry more influence than any other generation, the power of prayer has never been more important to remind us that we do not have to bear our crosses alone. We need prayer to stand guard over our hearts and minds and over the hearts and minds of our families. Women today are shattering glass ceilings and forging new paths in the world. What Happens When a Woman Prays is a clarion call for women to continue their progressive march of empowerment by dreaming like their daughters and praying like their grandmothers. Through exploring the lives of 10 prayer-filled women of the Bible, Bishop Jakes emphasizes the life-changing power that women have when they find their identity, their strength, their healing, and their voices in Christ.

'A highly readable and spiritually uplifting book about a dream come true' Wanderlust 'Touching and memorable one for armchair travellers and bike freaks' Daily Mail From London to New York, Ewan and Charley chased their shadows through Europe, the Ukraine, Kazakhstan, Mongolia and Russia, across the Pacific to Alaska, then down through Canada and America. But as the miles slipped beneath the tyres of their big BMWs, their troubles started. Exhaustion, injury and accidents tested their strength. Treacherous roads, unpredictable weather and turbulent politics challenged their stamina. They were chased by paparazzi in Kazakhstan, courted by men with very large guns in the Ukraine, hassled by the police, and given bulls' testicles for supper by Mongolian nomads. And yet despite all these obstacles they managed to ride more

than twenty thousand miles in four months, changing their lives forever in the process. As they travelled they documented their trip, taking photographs, and writing diaries by the campfire. Long Way Round is the result of their adventures - a fascinating, frank and highly entertaining travel book about two friends riding round the world together and, against all the odds, realising their dream.

Classical Stretch

From the New York Times bestselling author of The Family Business crime series comes a deliciously provocative legal page-turner about the Hudson family. When famed attorney Bradley Hudson learns of his youngest son Langston's arrest for drug trafficking, he immediately assembles a team of lawyers and investigators, including members of his own family, to build a defense. With his reputation for being a shark in the courtroom, Bradley is confident he will get justice for his son—until he realizes he will be going up against an old foe, Assistant District Attorney James Brown. Is the ADA allowing his personal history with the Hudsons to influence his handling of the prosecution? To complicate matters, Bradley discovers that his older son, Lamont, a young lawyer and Bradley's right-hand man, has secretly been planning his exit from the family law firm to get out from under his father's shadow. Desiree, Bradley's only daughter, is fresh out of law school and quite reserved compared to her siblings. She's the good girl who doesn't normally like to rock the boat, but in what could be considered the worst of all timing, she is secretly dating a man and a woman, and both relationships are on a collision course. Given the problems her family is facing, now is not the right time for Desiree to introduce more drama to the mix, but she just can't seem to help herself. As if fighting for one son's freedom and fending off the other's betrayal isn't enough pressure, Bradley is also in the middle of his own love triangle between his ex-wife, federal judge Jacqueline Hudson, and his current wife and jury consultant, Carla. He knows how much is at stake if his family's drama spirals out of control, so he'll do everything within his power to keep it all together and prevent his son from landing behind bars. With his trademark dramatic style, Carl Weber introduces readers to the Hudsons. Only time will tell if they can stand united, or if the legal dynasty of Bradley Hudson is about to come crashing down.

Outrages

Advance praise for Philip Plait's *Bad Astronomy* "Bad Astronomy is just plain good! Philip Plait clears up every misconception on astronomy and space you never knew you suffered from." --Stephen Maran, Author of *Astronomy for Dummies* and editor of *The Astronomy and Astrophysics Encyclopedia* "Thank the cosmos for the bundle of star stuff named Philip Plait, who is the world's leading consumer advocate for quality science in space and on Earth. This important contribution to science will rest firmly on my reference library shelf, ready for easy access the next time an astrologer calls." --Dr. Michael Shermer, Publisher of *Skeptic* magazine, monthly columnist for *Scientific American*, and author of *The Borderlands of Science*

"Philip Plait has given us a readable, erudite, informative, useful, and entertaining book. Bad Astronomy is Good Science. Very good science" --James "The Amazing" Randi, President, James Randi Educational Foundation, and author of An Encyclopedia of Claims, Frauds, and Hoaxes of the Occult and Supernatural "Bad Astronomy is a fun read. Plait is wonderfully witty and educational as he debunks the myths, legends, and 'conspiracies' that abound in our society. 'The Truth Is Out There' and it's in this book. I loved it!" --Mike Mullane, Space Shuttle astronaut and author of Do Your Ears Pop in Space?

The Power of Play

This study is the first volume in the new Philo of Alexandria Commentary Series. It contains a new English translation of Philo's famous treatise "On the creation of the cosmos" (the first for seventy years), and the first ever commentary in English. In this work the Jewish exegete and philosopher gives a selective exegesis of the Mosaic creation account and the events in Paradise as recorded in Genesis 1-3. It is the first preserved example of Hexaemeral literature, and had a profound influence on early Christian thought. The commentary aims to make Philo's thought accessible to readers such as graduate students who are just beginning to read him, but also contains much material that will be of interest to specialists in Hellenistic Judaism, ancient philosophy and patristic literature.

Inside Black Mirror

#1 NEW YORK TIMES BESTSELLER • From the National Book Award-winning author of Stamped from the Beginning comes a “groundbreaking” (Time) approach to understanding and uprooting racism and inequality in our society—and in ourselves. “The most courageous book to date on the problem of race in the Western mind.”—The New York Times NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • Time • NPR • The Washington Post • Shelf Awareness • Library Journal • Publishers Weekly • Kirkus Reviews Antiracism is a transformative concept that reorients and reenergizes the conversation about racism—and, even more fundamentally, points us toward liberating new ways of thinking about ourselves and each other. At its core, racism is a powerful system that creates false hierarchies of human value; its warped logic extends beyond race, from the way we regard people of different ethnicities or skin colors to the way we treat people of different sexes, gender identities, and body types. Racism intersects with class and culture and geography and even changes the way we see and value ourselves. In *How to Be an Antiracist*, Kendi takes readers through a widening circle of antiracist ideas—from the most basic concepts to visionary possibilities—that will help readers see all forms of racism clearly, understand their poisonous consequences, and work to oppose them in our systems and in ourselves. Kendi weaves an electrifying combination of ethics, history, law, and science with his own personal story of awakening to antiracism. This is an essential work for anyone who wants to go beyond the awareness of racism to the next

step: contributing to the formation of a just and equitable society. Praise for How to Be an Antiracist “Ibram X. Kendi’s new book, *How to Be an Antiracist*, couldn’t come at a better time. . . . Kendi has gifted us with a book that is not only an essential instruction manual but also a memoir of the author’s own path from anti-black racism to anti-white racism and, finally, to antiracism. . . . *How to Be an Antiracist* gives us a clear and compelling way to approach, as Kendi puts it in his introduction, ‘the basic struggle we’re all in, the struggle to be fully human and to see that others are fully human.’ ”—NPR “Kendi dissects why in a society where so few people consider themselves to be racist the divisions and inequalities of racism remain so prevalent. *How to Be an Antiracist* punctures the myths of a post-racial America, examining what racism really is—and what we should do about it.”—Time

Japanese Electronics Technology

The latest installment of the multimillion-selling *Killing* series is a gripping journey through the American West and the historic clashes between Native Americans and settlers. The bloody Battle of Tippecanoe was only the beginning. It’s 1811 and President James Madison has ordered the destruction of Shawnee warrior chief Tecumseh’s alliance of tribes in the Great Lakes region. But while General William Henry Harrison would win this fight, the armed conflict between Native Americans and the newly formed United States would rage on for decades. Bestselling authors Bill O’Reilly and Martin Dugard venture through the fraught history of our country’s founding on already occupied lands, from General Andrew Jackson’s brutal battles with the Creek Nation to President James Monroe’s epic “sea to shining sea” policy, to President Martin Van Buren’s cruel enforcement of a “treaty” that forced the Cherokee Nation out of their homelands along what would be called the Trail of Tears. O’Reilly and Dugard take readers behind the legends to reveal never-before-told historical moments in the fascinating creation story of America. This fast-paced, wild ride through the American frontier will shock readers and impart unexpected lessons that reverberate to this day.

Guy Stuff

Today’s parents often worry that their children will be at a disadvantage if they are not engaged in constant learning, but child development expert David Elkind reassures us that imaginative play goes far to prepare children for academic and social success. Through expert analysis of the research and powerful examples, Elkind shows how creative, spontaneous play fosters healthy mental and social development and sets the stage for academic learning in the first place. An important contribution to the literature about how children learn, *The Power of Play* restores play’s respected place in children’s lives and encourages parents to trust their instincts to stay away from many of the dubious educational products on the market.

Influence

End chronic pain—for good—with this practical guide from the PBS personality behind Classical Stretch and author of the New York Times bestseller Aging Backwards. Chronic pain is the most common cause of long-term disability in the United States. Twenty percent of American adults accept back spasms, throbbing joints, arthritis aches, and other physical pain as an inevitable consequence of aging, illness, or injury. But the human body is not meant to endure chronic pain. Miranda Esmonde-White has spent decades helping professional athletes, ballet dancers, and Olympians overcome potentially career-ending injuries and guiding MS patients and cancer survivors toward pain-free mobility. Now, in Forever Painless, she shows everyone how to heal their aching bodies and live pain free. The root of nearly all pain is movement—or lack thereof. We need to move our bodies to refresh, nourish, and revitalize our cells. Without physical activity, our cells become stagnant and decay, accelerating the aging process and causing pain. People who suffer chronic pain often become sedentary, afraid that movement and activity will make things worse, when just the opposite is true: movement is essential to healing. In Forever Painless, Miranda provides detailed instructions for gentle exercise designed to ease discomfort in the feet and ankles, knees, hips, back, and neck—allowing anyone to live happier, healthier, and pain-free no matter their age.

The Message of the Cross

William H. Williams operated a slave pen in Washington, DC, known as the Yellow House, and actively trafficked in enslaved men, women, and children for more than twenty years. His slave trading activities took an extraordinary turn in 1840 when he purchased twenty-seven enslaved convicts from the Virginia State Penitentiary in Richmond with the understanding that

he could carry them outside of the United States for sale. When Williams conveyed his captives illegally into New Orleans, allegedly while en route to the foreign country of Texas, he prompted a series of courtroom dramas that would last for almost three decades. Based on court records, newspapers, governors' files, slave manifests, slave narratives, travelers' accounts, and penitentiary data, Williams' Gang examines slave criminality, the coastwise domestic slave trade, and southern jurisprudence as it supplies a compelling portrait of the economy, society, and politics of the Old South.

The Works of Philo (Volume 4 of 4)

Join the political and cultural fight for America's freedom -- and learn how to protect our nation from the leftist agenda -- with this essential guide from Fox & Friends Weekend co-host Pete Hegseth. In *American Crusade*, Pete Hegseth explores whether the election of President Donald J. Trump was sign of a national rebirth, or instead the final act of a nation that has surrendered to Leftists who demand socialism, globalism, secularism, and politically-correct elitism. Can real America still win? And how? Hegseth is an old-school patriot who is on a mission to do his part to save our Republic. This book celebrates all that America stands for, while motivating and mustering fellow patriots to stand ready to defend -- and save -- our great country. As he travels around the country talking to American citizens from all walks of life, Hegseth reveals the common wisdom of average Americans -- and how ready they are to join the cultural battlefield. Now is that time, and Hegseth has written the playbook. *American Crusade* is written with the same insight, politically incorrect candor, and humor that has made his television show one of the most highly-rated in America.

The Council of Dads

PBS fitness personality on *Classical Stretch* and creator of the fitness phenomenon *Essentrics*, Miranda Esmonde-White offers an eye-opening guide to anti-aging that provides essential tools to help anyone turn back the clock and look and feel younger no matter what age. Miranda Esmonde-White trains everyone from prima ballerinas to professional hockey players to Cerebral palsy patients: what do they all have in common? All of these people are hoping to heal their bodies, prevent further injury, and move optimally and without pain. In fact, they have the same goals as any of us who are trying to stay young, fit, and reverse the hands of time. Because the aging of our bodies occurs in our cells, it must be repaired there too—that's where Miranda's highly effective and sought-after techniques come in. The body is programmed to self-destruct as we age, but the speed at which it self-destructs is up to us. Recent scientific studies have proven this fact! In *Aging Backwards*, Miranda offers a groundbreaking guide on how to maintain and repair our cells, through scientifically designed workouts. Healthy cells prevent joint pain, muscle loss and weak bones—helping to control weight, increase energy, and improve strength and mobility. Miranda offers readers of all ages the tools they need to look and feel young. Complete with tips, tools, and her Eight Basic Age-Reversing Workouts accompanied by instructional photos and web clips, *Aging*

Backwards will help you grow younger, not older!

The 2017 Collection

Fire up the best backyard bashes with 150 simple and delicious recipes from grilling guru Bobby Flay in his first-ever fully illustrated, full-color grilling book. Whether you've picked up corn at a local farmstand or chicken breasts at the supermarket, a fantastically flavorful, ridiculously simple grilled feast is right at your fingertips with Bobby Flay's Grill It! Packed with the innovative marinades, sauces, vinaigrettes, and rubs that have helped make Bobby a celebrity chef and leading restaurateur, this beautiful cookbook will help you transform basic ingredients into grilled masterpieces year-round. Bobby knows how you shop and cook and knows you think "I want burgers tonight"-not "I want to do a main course on the grill." As a result, the book is conveniently organized by ingredient, with chapters covering juicy beef steaks and succulent shrimp, of course, as well as perhaps less traditional grill fare such as asparagus, fruit, lamb, scallops, potatoes, and squash, so you can expand your backyard repertoire. Bobby teaches you how to grill each staple perfectly while also offering an arsenal of ideas for how to transform your favorite ingredients into something inventive and satisfying such as Grilled Chicken Thighs with Green Olives and Sherry Vinegar-Orange Sauce or Grilled Steak with Balsamic-Rosemary Butter. A truly comprehensive grill guide, Bobby Flay's Grill It! also includes: * Bobby's take on charcoal versus gas grills (and how to pick one whatever your preference and budget) * A list of indispensable grilling tools * A guide to stocking the perfect grill pantry * A resource guide for high-quality ingredients, supplies, and accessories Simply put, Bobby Flay's Grill It! is Bobby at his best. No matter what you choose to grill (or what looks best when you actually get to the store), Bobby helps you create an easy meal that is fresh, flavorful, and fun to cook. This is the new, must-have guide to becoming a grilling guru in your own right.

Forever Painless

Computer Vision: Algorithms and Applications explores the variety of techniques commonly used to analyze and interpret images. It also describes challenging real-world applications where vision is being successfully used, both for specialized applications such as medical imaging, and for fun, consumer-level tasks such as image editing and stitching, which students can apply to their own personal photos and videos. More than just a source of “recipes,” this exceptionally authoritative and comprehensive textbook/reference also takes a scientific approach to basic vision problems, formulating physical models of the imaging process before inverting them to produce descriptions of a scene. These problems are also analyzed using statistical models and solved using rigorous engineering techniques. Topics and features: structured to support active curricula and project-oriented courses, with tips in the Introduction for using the book in a variety of customized courses; presents exercises at the end of each chapter with a heavy emphasis on testing algorithms and containing numerous suggestions for small mid-term projects; provides additional material and more detailed mathematical topics in the Appendices, which cover linear algebra, numerical techniques, and Bayesian estimation theory; suggests additional reading at the end of each chapter, including the latest research in each sub-field, in addition to a full Bibliography at the end of the book; supplies supplementary course material for students at the associated website, <http://szeliski.org/Book/>. Suitable for an upper-level undergraduate or graduate-level course in computer science or engineering, this textbook focuses on basic techniques that work under real-world conditions and encourages students to push their creative boundaries. Its design and exposition also make it eminently suitable as a unique reference to the fundamental techniques and current research literature in computer vision.

Bobby Flay's Grill It!

From New York Times bestselling author Naomi Wolf, *Outrages* explores the history of state-sponsored censorship and

violations of personal freedoms through the inspiring, forgotten history of one writer's refusal to stay silenced. Newly updated, first North American edition--a paperback original In 1857, Britain codified a new civil divorce law and passed a severe new obscenity law. An 1861 Act of Parliament streamlined the harsh criminalization of sodomy. These and other laws enshrined modern notions of state censorship and validated state intrusion into people's private lives. In 1861, John Addington Symonds, a twenty-one-year-old student at Oxford who already knew he loved and was attracted to men, hastily wrote out a seeming renunciation of the long love poem he'd written to another young man. *Outrages* chronicles the struggle and eventual triumph of Symonds—who would become a poet, biographer, and critic—at a time in British history when even private letters that could be interpreted as homoerotic could be used as evidence in trials leading to harsh sentences under British law. Drawing on the work of a range of scholars of censorship and of LGBTQ+ legal history, Wolf depicts how state censorship, and state prosecution of same-sex sexuality, played out—decades before the infamous trial of Oscar Wilde—shadowing the lives of people who risked in new ways scrutiny by the criminal justice system. She shows how legal persecutions of writers, and of men who loved men affected Symonds and his contemporaries, including Christina and Dante Gabriel Rossetti, Algernon Charles Swinburne, Walter Pater, and the painter Simeon Solomon. All the while, Walt Whitman's *Leaves of Grass* was illicitly crossing the Atlantic and finding its way into the hands of readers who reveled in the American poet's celebration of freedom, democracy, and unfettered love. Inspired by Whitman, and despite terrible dangers he faced in doing so, Symonds kept trying, stubbornly, to find a way to express his message—that love and sex between men were not “morbid” and deviant, but natural and even ennobling. He persisted in various genres his entire life. He wrote a strikingly honest secret memoir—which he embargoed for a generation after his death—enclosing keys to a code that the author had used to embed hidden messages in his published work. He wrote the essay *A Problem in Modern Ethics* that was secretly shared in his lifetime and would become foundational to our modern understanding of human sexual orientation and of LGBTQ+ legal rights. This essay is now rightfully understood as one of the first gay rights manifestos in the English language. Naomi Wolf's *Outrages* is a critically important book, not just for its role in helping to bring to new audiences the story of an oft-forgotten pioneer of LGBTQ+ rights who could not legally fully tell his own story in his lifetime. It is also critically important for what the book has to say about the vital and often courageous roles of publishers, booksellers, and freedom of speech in an era of growing calls for censorship and ever-escalating state violations of privacy. With *Outrages*, Wolf brings us the inspiring story of one man's refusal to be silenced, and his belief in a future in which everyone would have the freedom to love and to speak without fear.

Williams' Gang

The Council of Dads is a profoundly moving and illuminating new work from Bruce Feiler, author of the monumental New York Times bestsellers *Walking the Bible*, *Abraham*, and *Where God Was Born*. The acclaimed writer's most intimate book, *The Council of Dads* is Feiler's personal story of illness and recovery, a book that touches on life and death, love and

fatherhood, and offers inspiration for us all.

"This potent book about America's most disgraceful sin establishes [Ta-Nehisi Coates] as a first-rate novelist."—San Francisco Chronicle IN DEVELOPMENT AS A MAJOR MOTION PICTURE • Adapted by Ta-Nehisi Coates and Kamilah Forbes, produced by MGM, Plan B, and Oprah Winfrey's Harpo Films NOMINATED FOR THE NAACP IMAGE AWARD • NAMED ONE OF PASTE'S BEST NOVELS OF THE DECADE • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Time • NPR • The Washington Post • Chicago Tribune • Vanity Fair • Esquire • Good Housekeeping • Paste • Town & Country • The New York Public Library • Kirkus Reviews • Library Journal Young Hiram Walker was born into bondage. When his mother was sold away, Hiram was robbed of all memory of her—but was gifted with a mysterious power. Years later, when Hiram almost drowns in a river, that same power saves his life. This brush with death births an urgency in Hiram and a daring scheme: to escape from the only home he's ever known. So begins an unexpected journey that takes Hiram from the corrupt grandeur of Virginia's proud plantations to desperate guerrilla cells in the wilderness, from the coffin of the Deep South to dangerously idealistic movements in the North. Even as he's enlisted in the underground war between slavers and the enslaved, Hiram's resolve to rescue the family he left behind endures. This is the dramatic story of an atrocity inflicted on generations of women, men, and children—the violent and capricious separation of families—and the war they waged to simply make lives with the people they loved. Written by one of today's most exciting thinkers and writers, *The Water Dancer* is a propulsive, transcendent work that restores the humanity of those from whom everything was stolen. Praise for *The Water Dancer* "Ta-Nehisi Coates is the most important essayist in a generation and a writer who changed the national political conversation about race with his 2015 memoir, *Between the World and Me*. So naturally his debut novel comes with slightly unrealistic expectations—and then proceeds to exceed them. *The Water Dancer* . . . is a work of both staggering imagination and rich historical significance. . . . What's most powerful is the way Coates enlists his notions of the fantastic, as well as his fluid prose, to probe a wound that never seems to heal. . . . Timeless and instantly canon-worthy."—Rolling Stone

When Women Pray

A real pediatrician and the author of the bestselling *Care & Keeping of You* series provides tips, how-tos, and facts about boys' changing bodies that will help them take care of themselves. Full color.

On the Creation of the Cosmos According to Moses

Welcome to the Galaxy Popular for both work and play, Android tablets fill a useful niche between smartphone and computer. Samsung's Galaxy Tab kicks it up a notch, offering both hardware and software technology beyond its competitors. Samsung enhances the basics—web, email, eReader, navigation, music, video, camera—and offers unique tools such as the Bixby assistant and the high-tech S-Pen. Coupled with an enviable design, Galaxy Tab is a formidable contender to other devices, offering features you won't find anywhere else. Samsung Galaxy Tab For Dummies helps you take full advantage of everything this sweet device has to offer. Whether you're looking to keep in touch with friends and family on social media, want a portable way to stay connected to your work, or desire to read the latest potboiler or catch-up with the latest streaming TV drama, the Galaxy Tab makes it possible—and this book shows you how. Set up and start using your new tablet Connect with email, video chat, and explore social media Play games, enjoy music, watch movies and streaming TV Browse digital magazines and enjoy ebooks A whole new galaxy awaits! Get ready to soak it all in!
