All are traumatic, and those whose hearts and minds are suffering need healing and mending from the Lord. What you can say when you don't know what to say is your invitation to share the forgiving, healing love of Jesus Christ. This book will provide positive solutions for difficult situations and help you know how and when to share your concern and God's understanding.

If you're having trouble connecting with those around you, know that you're not the only one. Adult friendships are tricky!!! Part manifesto, part guide, *The Art of Showing Up* is soul medicine for our modern, tech-mediated age. What to Say and How to Say It

"What to Say Next reminds readers that hope can be found in unexpected places."
-Bustle.com From the New York Times bestselling author of Tell Me Three Things comes a story about two struggling teenagers who find an unexpected connection just when they need it most. Nicola Yoon, the bestselling author of Everything, Everything, calls it "charming, funny, and deeply affecting." Sometimes a new perspective is all that is needed to make sense of the world. KIT: I don't know why I decide not to sit with Annie and Violet at lunch. It feels like no one here gets what I'm going through. How could they? I don't even understand. DAVID: In the 622 days I've attended Mapleview High, Kit Lowell is the first person to sit at my lunch table. I mean, I've never once sat with someone until now. "So your dad is dead," I say to Kit, because this is a fact I've recently learned about her. When an unlikely friendship is sparked between relatively popular Kit Lowell and socially isolated David Drucker, everyone is surprised, most of all Kit and David. Kit appreciates David's blunt honesty—in fact, she finds it bizarrely refreshing. David welcomes Kit's attention and her inquisitive nature. When she asks for his help figuring out the how and why of her dad's tragic car accident, David is all in. But neither of them can predict what they'll find. Can their friendship survive the truth? Named a Best Young Adult Novel of the Year by POPSUGAR "Charming, funny, and deeply affecting all at the same time." -Nicola Yoon, #1 New York Times bestselling author of Everything, Everything and The Sun Is Also a Star "Heartfelt, charming, deep, and real. I love it with all my heart." -Jennifer Niven, New York Times bestselling author of All the Bright Places

What to Say When. . .You're Dying on the Platform: A Complete Resource for Speakers, Trainers, and Executives

Kind, encouraging, and humorous, Karen Ehman helps us learn the essential

practice of using our words more effectively--alleviating heartache and regret, reducing relational tension and conflict, lessening our stress levels, and growing our relationship with God. From Bible times to modern times women have struggled with their words. What to say and how to say it. What not to say. When it is best to remain silent. And what to do when you've said something you wish you could now take back. In this book a woman whose mouth has gotten her into loads of trouble shares the hows (and how-not-tos) of dealing with the tongue. Beyond just a "how not to gossip" book, this book explores what the Bible says about the many ways we are to use our words and the times when we are to remain silent. Karen will cover using our speech to interact with friends, co-workers, family, and strangers as well as in the many places we use our words in private, in public, online, and in prayer. Even the words we say silently to ourselves. She will address unsolicited opinion-slinging, speaking the truth in love, not saying words just to people-please, and dealing with our verbal anger. Christian women struggle with their mouths. Even though we know that Scripture has much to say about how we are--and are not--to use our words, this is still an immense issue, causing heartache and strain not only in family relationships, but also in friendships, work, and church settings. Tell Me Three Things

All of us struggle at times with finding the right words to say to an employee, a friend, a spouse, or a neighbor. We tend to be timid and hide our true feelings because we are not sure how to respond. What to Say and How to Say It provides us with a guide or road map on how to handle difficult situations and do so in a most professional manner. It's a proven fact that the best communicators are not the best talkers; they are the best listeners. What to Say and How to Say It based on the compelling research supporting emotional intelligence and the work of Daniel Goleman, author of Emotional Intelligence and Social Intelligence gives specific prompts or language helpful for entering, engaging in, and exiting courageous conversations. Courageous conversations are those discussions we all need to have, oftentimes with people we care about, don't care about, or need to care about. These are the conversations that will help us make it through difficult times, get over hurdles that are blocking relationship building, and improve living

and working conditions for everyone involved. Skills in courageous conversations help to build emotional intelligence.

What You Can Say When You Don't Know What to Say

We live in an increasingly "virtual" world in which it can be tempting to skip making that true, human connection with someone in pain. Even though our thoughts might be with them, we lack the confidence to reach out, worrying that we will say or do the "wrong" thing. In this practical, step-by-step guide to what she calls "the art of comforting," Val Walker draws on numerous interviews with "Master Comforters" to guide readers in gently and gracefully breaking through the walls that those who are suffering often erect around themselves. Interviewees include inspiring individuals such as Alicia Rasin, who, as a victim's advocate for the city of Richmond, Virginia, has devoted her life to comforting grieving families devastated by homicide, gang violence, and other traumatic experiences; or Patricia Ellen, who, as a grief counselor and outreach director at the Center for Grieving Children in Portland, Maine, appears on site to support and comfort children, staff, and parents when a school is facing a death, violence, or other crises. All of us will, at one time or the other, be called upon to offer warmth and support to another human being who is suffering-this book will show you how to answer the call with an open heart.

Conversationally Speaking

Ever wonder what to say at a networking experience? Awkward silences don't need to be part of your networking conversation ever again. Debby Peters, the Networking Guru, has developed the dialogue for 33 different networking challenges. This is the primer for becoming the next networking conversational expert. Saying the Right Thing When You Don't Know What to Say

A snappy book of simple conversational swaps that reveals how to talk so everyone will listen. Words matter. They can inform, soothe, sting, reverberate, and leave scars. And the wrong words can turn off—literally—the listener, transforming what should be an exchange of information, feelings, and ideas into dead air time. So many of our dialogues with others are like scripts—we say the same things, ask the same questions, react in the same ways, and get the same (predictably bad) responses. Our verbal interactions with others often illustrate that famous definition of insanity: doing the same thing over and over and expecting a different response. With quick-take visuals and a smart sense of how human beings really talk to each other, *What to Say to Get Your Way* can turn dead air time into something productive. It's a simple, effective toolbox that will train anyone to say what they mean effectively and powerfully.
